IMPORTANT

Our reception area has moved

Hi there,

We are building a new reception area for the Kangaroo Flat site.

It'll be bigger, brighter and much more welcoming for you.

The new reception will be situated on the other side of this main building with easier access to our fantastic kidzspace hub.

BUT, yes, there's always a but!

For about the next five weeks we ask for your patience as we have set up a temporary reception area in our kidzspace hub to make sure everyone stays safe while the builders get to work.

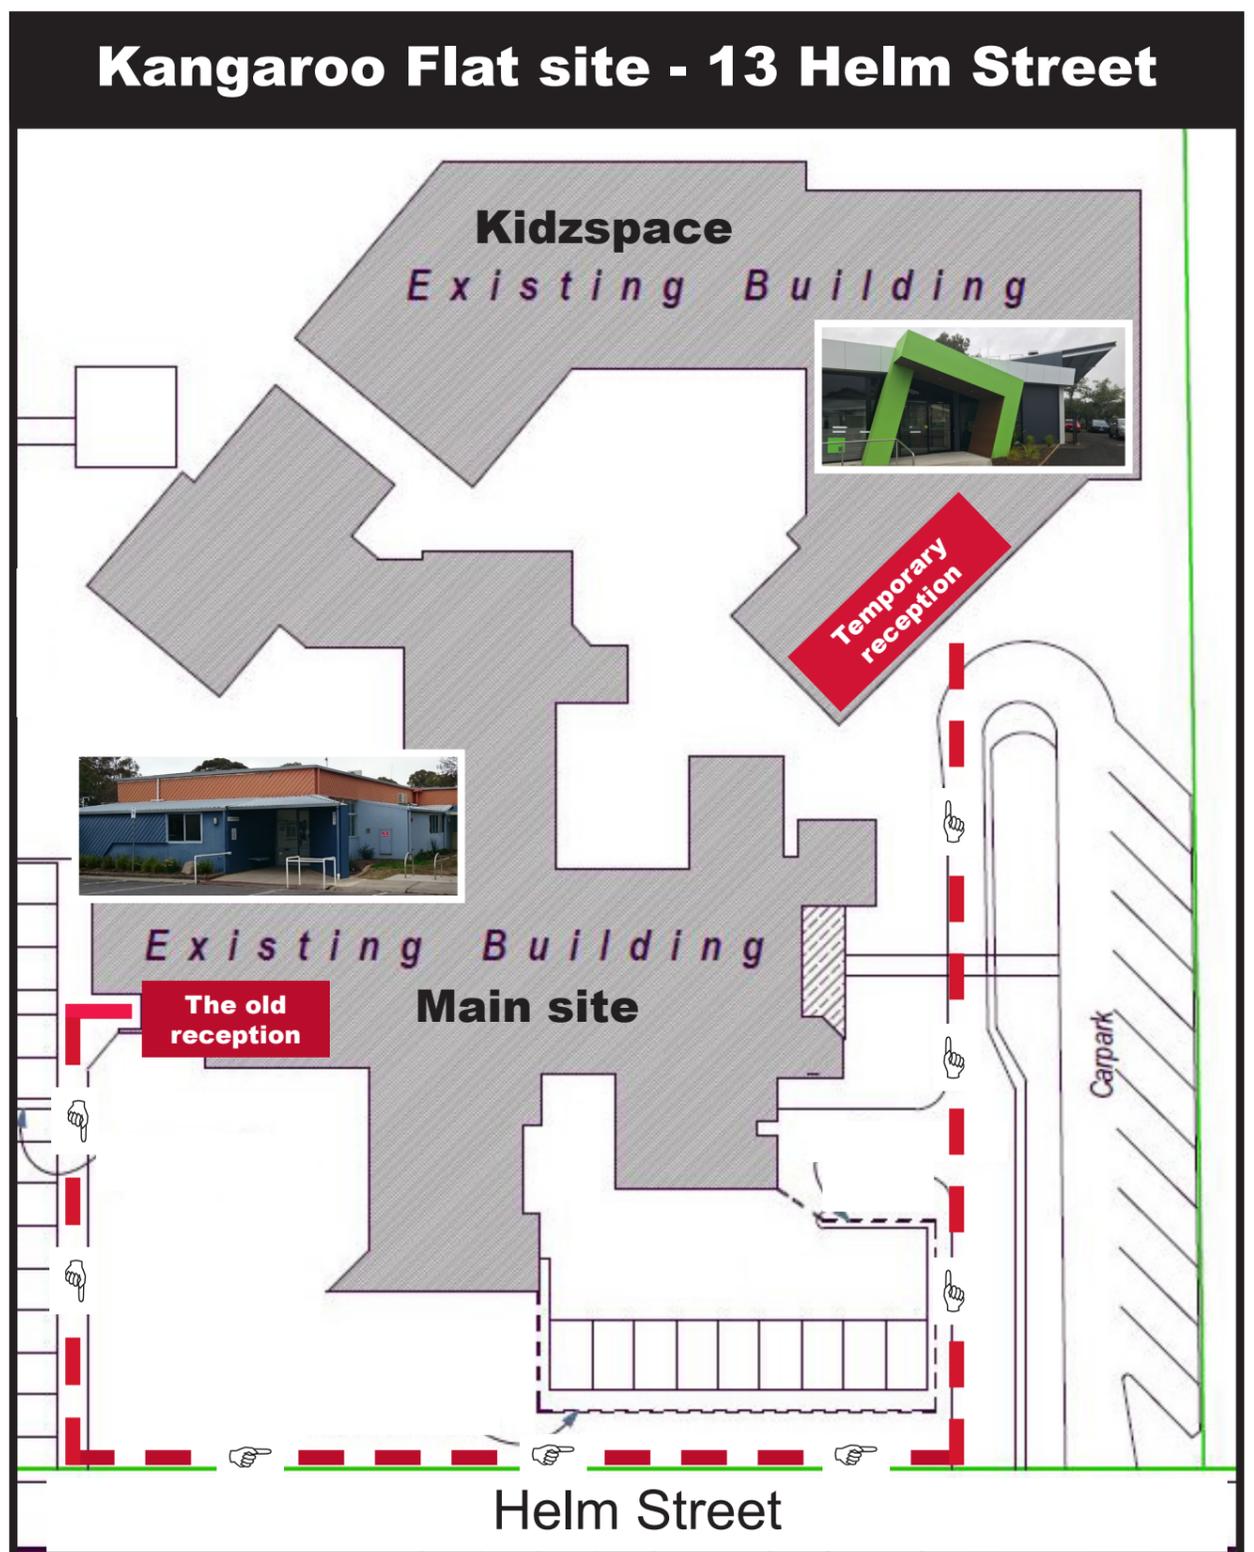

You can easily access kidzspace via the drive behind this main site.

Follow the red line on this map >>

We realise there's going to be a little inconvenience so we thank you for your support and patience.

Got any questions for us?

If you have any questions about the new reception arrangements, please ask our Client Services staff at the desk. Thank you.
