

Better Health

Multi-Disciplinary Centre

COMMUNITY HEALTH NURSE

45.6 hours per fortnight (0.6 FTE)

Fixed Term 6 months from commencement

The Position

Sexual Assault Multidisciplinary Centres (MDCs) were introduced in 2006 to improve responses to sexual offences and child sexual abuse. The centres co-locate child protection practitioners, specialist police investigators and sexual assault counsellor/advocates with strong links to forensic medical personnel.

The MDC community health nurses will practice within the social model of health, providing needs identification, care planning, referral to appropriate services providers, education awareness-raising and develop local networks of care. Community health nurses will provide short to medium term care and provide an important link with other health and community services.

To successfully apply for this position you will need:

1. Registered Nurse Division 1 (current registration with AHPRA)
2. Minimum 3 years' experience community clinical experience
3. Knowledge and understanding of how trauma affects people's lives, their service needs and service usage.
4. Ability to provide vaccination status information that meets the requirements for healthcare workers.
