

*Primary Health*  
***General Practitioner- Sexual and Reproductive Health***  
*15.2 Hours per fortnight (0.2 FTE- Wednesdays)*  
*Ongoing*

### **The Position**

The Primary Health Services portfolio involves the planning and provision of medical services, paediatrics, chronic disease management, sexual and reproductive health, workplace health, multi-disciplinary complex nursing, social support in Elmore, physiotherapy, podiatry, dietetics, and doctors in secondary school's program.

The Primary Health Services division works together to provide the community with accessible healthcare and seeks to optimise health outcomes for all patients. The sexual and reproductive health team provide an integrated community based multidisciplinary health service which includes a strong focus on women's and men's sexual and reproductive health.

The team also demonstrate a strong focus on health promotion and the social model of health, and a commitment to equity and access.

The General Practitioner – Sexual and Reproductive Health works as part of a multidisciplinary team to provide the highest standards of patient care while incorporating a holistic approach towards diagnosis and management of illness.

The role is grounded in the professional values, knowledge, theories, and practice of a competent well-rounded leader in medicine for this field. The General Practitioner – Sexual and Reproductive Health has expert skills and functions with a high degree of autonomy and accountability.
