

Community Paediatric Service
Community Health Nurse - Paediatrics
53.2 hours per fortnight (0.7 FTE)
Fixed Term to June 2027

The Position

The Community Health Nurse - Paediatrics provides nursing support to our developmental and behavioural Community Paediatric Service. Working closely with our paediatricians, GP, Allied Health and administration team, this nursing position is an essential role within our clinic to enable patient flow, communication and referrals. This position also supports a regular paediatric clinic at a local Bendigo secondary school.

The Community Paediatric Service sits within the Family and Child Service area of BCHS. It is a bulk billing, developmental and behavioural paediatric service providing a team approach to health care for children and families in the Bendigo Region. We focus on developmental and behavioural assessment and healthcare for children and their families who may otherwise not readily access the health system.

Requiring exceptional communication, administration and time management skills this is a rewarding position serving children and families with complex developmental and behavioural needs. This is a standalone practice nurse role, supported by a team of other Paediatric Nurses across aligning programs.

About BCHS

Bendigo Community Health Services has cared for the health and wellbeing of the Bendigo community for 50 years. We employ more than 280 people across a broad range of services.

The success of BCHS starts with our staff, who have a high level of professionalism and dedication, allowing us to deliver quality services for the community, with a particular focus on vulnerable people.

Added benefits of working with BCHS include:

- Salary packaging
- Purchasing leave
- Study assistance
- Training programs
- Novated leasing
- Fitness Passport

To successfully apply for this position you will need:

KEY SELECTION CRITERIA

Essential

1. Registered Nurse (RN) with current Australian Health Practitioner Regulation Agency (AHPRA) registration.
2. Minimum three years clinical experience in Paediatric Nursing care, including the management/supervision of staff and service delivery.

3. Excellent time management and organisational skills.
4. Ability to work collaboratively and effectively with staff in BCHS and across a range of health services, organisational levels and clinical settings.
5. The ability to provide comprehensive and coordinated assessment case management skills to support the paediatricians.
6. Demonstrated contemporary knowledge and competencies required in a Paediatric Nursing role.
7. Demonstrated ability to work as a member of a multidisciplinary team with highly developed communication skills.
8. The ability to provide sensitive practice in response to consumer diversity.
9. A current Victorian driver's license.
10. A current working with children checks, police check and NDIS Worker Screening check.

Desirable

1. Experience in supporting accreditation processes.
